From the Desk of the City Manager:

In a recently attended church service in Ludlow I heard the term “community” used and began to wonder how one would define a community and what makes up a so called “community”. In researching the definition I found there are various degrees of community from biological to sociological. The best I could come up with in some common terms I could understand and relate too is this - a “community” has been defined as a group of interacting people living in a common location. From a sociological standpoint for a community to exist other things must be present especially if the community is going to be successful. If freedom and security are present and people share some common belief system or heritage the interaction between them increases thus increasing the probability of a successful community.

If freedom and security are present then the community takes on a life of its own. As people become free and secure enough they begin to share and get along with each other. The sense of connectedness and formation of social networks begin to form and we start to see what is defined as social capital. Social capital has been defined as the collective values of the social networks within the community and the inclinations that arise from these networks to do things for each other; we begin to respect our neighbors because we share common back grounds and interest. Social capital in action can be seen in groups of varying formality, including neighbors keeping an eye on each others homes, cutting an elderly persons grass, turning down the stereo, not parking to close to some one’s driveway, keeping your property clean or volunteering for a community event.

Unfortunately the level of social capital has been falling in the United States, especially in our Cities. If you belong to an organization I would bet attendance at club meetings has fallen, you probably have noticed you don’t have as many family dinners as in the past and for some reason friends don’t visit each other at their home’s as much as in the past and we definitely have seen a dramatic drop in people volunteering. If these things hold true in a city and we lose social capital then the core spirit of the community that once was found will no longer exist and the community will inevitably fail.

If the thoughts in this article hold true than several items are important to the City of Ludlow. First we must create an environment in which people have affordable safe housing for ownership or to rent it doesn’t matter just as long as people have a place they can call home, this is “community planning”. Secondly, we have to increase job rates and work diligently in creating available jobs within the community, this is “economic development”. Thirdly we must develop and plan community gathering places such as parks and municipal buildings, this is effective “infrastructure development”. If a City can produce a safe and secure environment, such as a sidewalk systems to connect people and de-

The Ludlow Community Connection is happy to accept letters and articles from our readers; however, we reserve the right to edit for grammar, spelling or punctuation errors, and refuse submission of letters or articles of a libelous or distasteful nature. All letters must be signed and a name, address and telephone number must be included for verification purposes.

All submissions must be sent to:
Ludlow Community Connection
608 Laurel Street
Ludlow, Kentucky 41016
or ludlowcommunityconnection.com

Deadline for submissions is the 15th of each month for articles, and it is the 10th for advertisements, classified and personal.

Delivery of each issue of the Ludlow Community Connection will be on the 1st Wednesday of each month. Anyone wishing to help deliver the paper contact Cindy Schachere at 291-6043.

Any and all donations will be greatly appreciated toward helping meet the cost of publishing the Ludlow Community Connection.

Bromley News

Please call Mayor Davidson-Littrell at 859-757-5327 or email her at bromleymayor@cinbell.blackberry.net with any problems or concerns. The City of Bromley also wants to give a big thank you to everyone that helped with the parade.

The City of Bromley has a curfew. During the week the curfew is 11:00 PM and on weekends it is 12:00 midnight. Please make sure your children abide by this curfew.

The City of Bromley's council meetings are the first Wednesday of each month at 6:30 PM. at the city building.

Due to the 4th of July holiday the Bromley City Building will be closed on Saturday, July 5th. We will reopen on Tuesday July 8th at 7:00 PM.

The City of Bromley has a noise ordinance and we are asking all citizens to please abide by it. Please be considerate of your neighbor and keep your music and TV so the entire neighborhood cannot hear it. If you are sitting in your car, the same ordinance applies. If the police receive a complaint, you will be cited.

The City of Bromley has opted to have city stickers sold to you at the court house when you get your car tags renewed. The clerk will ask you if you want to pay the $11 for the city sticker. If you refuse, your name is sent to the city and then to the police. You will be issued a citation with a penalty. If that is not paid the city will file charges against you with the county attorney. To date we have 12 people who will have charges filed. Please don’t let this happen to you.

Bromley residents are welcome and encouraged to attend garden club meetings and events. See the garden club articles on page 7 of this issue for upcoming events.

Do you have internet access? If so, check out our new website at www.ludlowcommunityconnection.com

DELIVERY

HAVE THE LCC MAILED TO YOU

Anyone wishing to receive the LCC by mail may do so by sending $1.50 per issue payable to the Ludlow Community Connection at 608 Laurel Street, Ludlow, KY 41016. The papers are delivered the first Wednesday of each month. Please use the coupon below.

How to handle the noisy neighbor by Chief Wayne Turner

Nothing ruins the excitement of finding your dream home quicker than moving in and discovering you have a bad or noisy neighbor. Perhaps you have lived in your home for years when the house next door sells and suddenly you find yourself with the neighbor from “heck”. Maybe they have a loud, barking dog or are prone to Friday and Saturday night arguments that wake you from your sleep. If you find yourself with a bad or noisy neighbor, these simple strategies will help you deal with them without joining the ranks of a bad neighborhood yourself.

Some neighbors are unaware they are causing too much noise and although embarrassed, are generally happy to learn they need to be more quiet. Others, however, do not care about their neighbors’ peace and quiet and feel they have the right to do whatever they please in their own home. They may play loud music on a regular basis. They may frequently yell and curse at family members. If they have loud animals, they continue to let them bark or squeal and rarely bring them indoors.

Dealing with a noisy neighbor takes skill in determining which type of noisy neighbor they are. If you have a good relationship with this neighbor and find them to be pleasant and accommodating in their conversations with you, chances are they are unaware of their noise levels and would appreciate a gentle nod that their music was a little loud or their dog kept you up last night.

Do not make a point of “reporting” the noise to them, but rather casually mention it to them the next time you see them. They will be grateful to hear it from someone they like rather than from someone who is confrontational or upset. In over 20 years of police service I have responded to noise complaint calls where the offending party stated, “Officer you didn’t have to come out, I wish my neighbor would have just called me instead.” On the other hand, if your noisy neighbor is not friendly with you, your best bet is to report the noise to authorities.

If you are unsure about who to call, contact your police department on their non-emergency telephone number and explain the situation. Officials will keep the neighborhood complaint confidential and if you have never mentioned the situation to your neighbor, they will have no reason to suspect you were the person who reported them.

The authority for noise abatement and control is with the local government in this case the City of Ludlow. Many areas including the City of Ludlow have adopted local noise ordinances. In extreme cases severe violations of noise ordinances could also meet the criteria for violation of Kentucky Revised Statutes relating to disorderly conduct.

Ludlow City Ordinance 94.02 Defines violations of the Cities Noise Ordinance as an Unlawful Activity as follows: “It shall be unlawful for any person to make, continue or cause to be made or continued any excessive volume of sound which either annoys, disturbs, injures or endangers the comfort, repose, health, peace and safety of others, within the limits of the city. (Ord. 1996-7, passed 8-22-1996) Penalty, see 94.99”

“94.02 DECLARATION OF NOISE”

“The following acts, among others, are declared to be loud, disturbing and unnecessary noises in violation of this chapter, but said enumeration shall not be deemed to be exhaustive, namely: Horns, signaling devices and the like. The sounding of any horn or signaling device on any automobile, motor cycle or other vehicle on any street or public place of the city, except as authorized by law; the creation by means of any such signaling device of any unreasonable loud or harsh sound; and the sounding of any such device for an unnecessary and unreasonable period of time. Radios, phonographs and the like. The using, operating or permitting to be used, operated or used any radio, stereo, television, musical instrument, phonograph or other machine or device for the purpose of producing or transmitting sound in such manner as to disturb the peace, quiet and comfort of the neighboring inhabitants or any at time with louder volume than is necessary for convenient hearing for the person or persons who are in the room, vehicle or chamber in which the machine or device is operated and who are voluntary listeners thereto. The operation of any set, instrument, phonograph, machine or device in a manner as to be plainly audible at a distance of 50 feet from the location thereof shall be prima facie evidence of a violation of this section. Loud speakers, amplifiers or other devices for advertising. The using, operating or permitting to be played, used or operated of any radio receiving set, musical instrument, phonograph, loudspeaker, sound amplifier or other machine or device for the purpose of producing or transmitting sound which is case upon the public streets for the purpose of commercial advertising or attracting the attention of the public to any building or structure. Yelling, shouting, hollering, or similar noise. Yelling, shouting, hooting, whistling or singing at any time or place so as to annoy or disturb the quiet, comfort or repose of any persons in the vicinity. Exhausts. The discharge into the open air of the exhaust of any stationary engine, motor boat, motorcycle, or motor vehicle, except through a muffler or other device which will effectually prevent loud or excessive noises there from. Exhaust noise which is plainly audible at a distance of 100 feet from the location thereof shall be prima facie evidence of a violation of this section. Defect in vehicle or load. The use of any automobile, motorcycle or vehicle so out of repair, so loaded or in a manner as to create loud and unnecessary grinding, grating, rattling or other noise. Schools, courts, churches, hospitals. The creation of any excessive noise in any street adjacent to any school, institution of learning, church or court while the same are in use, or adjacent to any hospital, which unreasonable interferes with the workings of the institution, or which disturbs or unduly annoys patients in the hospital, provided conspicuous signs are displayed in the streets indicating that the same is a school, hospital or court street.

Exemption: The provisions of this chapter shall not apply to the following: The emission of sound for the purpose of altering persons to the existence of an emergency or for the performance of emergency work; or The discharge of firearms by members of the Police Department or other sworn peace officers. (Ord. 1996-7, passed 8-22-1996) Penalty.

Each violation and every other failure to comply with the provisions of this chapter shall be a misdemeanor, and each day of the continuance thereof shall be a separate and distinct offence for which:

• Any person convicted of violation of the provisions thereof in court of competent jurisdiction shall be sentenced to pay a criminal fine not to exceed the maximum amount of $500, as set forth in KRS 533.040(2)(a), or a term of imprisonment not to exceed the maximum period of 12 months, as set forth in KRS 533.090(1), or both.

The offender shall be subject to a civil penalty of $100 for each offence, which shall be recovered by the city in a civil action in the nature of debt if not paid by the offender within 30 days after citation of the violation or other failure to comply with the provisions of this chapter. When determining if what you are hearing equates to a violation of a city ordinance consider that sound becomes noise when it detracts from your quality of life. Traffic is the most common cause of noise resulting from development. Sound is the result of a fluctuation in pressure transmitted as a wave through the air (or any other elastic medium, including water).

Both the pitch and loudness of noise may be disturbing. Noise is measured in decibels (dB). The decibel scale begins at zero, which is lowest sound level we can perceive. The decibel scale is logarithmic. For example, going from zero to 10 decibels equates to a ten-fold increase in acoustic energy while an increase of 20 decibels translates to a 100-fold increase in sound energy. However, we perceive each 10-fold increase in decibel levels as a doubling of loudness. Additionally, a neighbor may be disturbed by noise from a variety of other sources. Some common examples of noises are referenced below:

• 0 dB the faintest sound we can hear;
• 30 dB a quiet library or in a quiet location in the country;
• 45 dB typical office space or ambience in the city at night;
• 60 dB a restaurant at lunch time;
• 70 dB the sound of a car passing on the street;
• 80 dB loud music played at home;
• 90 dB the sound of a truck passing on the street;
• 100 dB the sound of a rock band;
• 115 dB limit of sound permitted in industry; and
• 120 dB deafening.

In summary, should you find yourself in a situation where you need help and you are unsure about who to call, contact your police department on their non-emergency telephone number (727-2424) and explain the situation. If you request, the dispatcher will keep the neighborhood complaint confidential and if you have never mentioned the situation to your neighbor, they will have no reason to suspect you were the person who reported them. We would love to see neighbors work out their differences but if that is not an option please call.
ALL TYPES OF SERVICES  
FOR ALL TYPES OF PEOPLE

Some people prefer traditional funeral services. Other prefer cremation. Some want an elaborate ceremony. Then there are others who don’t want any ceremony at all. When it comes to funerals, there are as many options as there are people.
And we take pride in being able to say we offer them all.

SCHOOL NEWS

Golden Rule Lodge Makes Donation to CLASP

Lt. Col. Benny Johnson of The Golden Rule Masonic Lodge in Covington presents a $2,000 to Bill Lindsay, Chairman of the Board for The Children of Ludlow After School Program (CLASP). The money comes from proceeds of a Golden Rule fundraiser held earlier this year. Golden Rule is helping CLASP to meet its’ objective of providing a safe and nurturing place for Ludlow children after school. At the same time, CLASP is helping the Lodge to meet its’ community service goals. In a sense, the two organizations have “adopted” one another. Lt. Col. Johnson is also on the Board of Directors at CLASP.

Carol Boyd
Director of Communications

THANK YOU!

The Faculty and Staff of Ludlow High School would like to thank the following individuals, groups, organizations, and businesses for sponsoring the Class of 2008’s awards and scholarships. The graduates have been blessed with a loving and supportive community! We hope they will one day model your generosity and give back to the Ludlow community in their own special way.

If you, your group, your business, or your organization are interested in sponsoring a scholarship or award, please contact Jenny McMillen, LHS Guidance Counselor at 261-8211 or Jennifer.McMillen@ludlow.kyschools.us.

Thank you for the Troop #177

Girl Scout Troop #177 thanks everyone in Ludlow for the generous donations to Project Paws. With your help we’ve managed to raise over 1400 lbs. of food and litter. This dog/cat food and kitty litter is going to senior citizens who can’t afford to care for their pets, oftentimes the only companions they have. If you would like to continue to help the Animals on Wheels program, please bring your donations of unopened pet food and litter to the Senior Services of Northern Kentucky, 1032 Madison Avenue, Covington between 9am and 4pm. Again, thank you so much for your help.

LUDLOW A/C NEWS

The Ludlow Athletic Club will hold its next regular monthly meeting on Monday July 14th, 2008 above the Garage on Adela Ave. at 7:00 P.M. We are looking for interested parents who are willing to donate some of their precious time to help improve the lives of our children.

We will be having nominations for officers at the November meeting with elections at the December meeting. The officers consist of President, Vice President, Recording Secretary, Treasurer, Baseball Director, Softball Director, Soccer Director and Fund Raising Co-ordinator.

Please try to help us as we try to improve the club to make it better for all our children.

Thank you,
Bill Froehle, President
"Heart and Soil"
The Ludlow-Bromley Garden Club

The garden club was in high spirits as we marched in the Memorial Day Parade, May 26th. We shared flower seeds, candy, and even doggie treats as we promoted our club and celebrated our veterans.

Thank you to everyone who participated in the 2008 Ludlow Garden Tour both as home owners and visitors. You made this year’s tour a great success. Thank you to Ideal, Reeves, and Ludlow Pharmacy for selling tickets and promoting the event, and to the Flower Shop for providing balloons for the event. Thank you to Ludlow schools for use of their announcement board. A special thank you to all the members of the club who worked doggedly to make this event happen. More to follow on the tour in next month’s paper.

July’s meeting will be at Betty and Jim Knipfer’s house in their garden at 235 Lake St., Ludlow. Please join us. We will be bringing snacks and drinks to share, relaxing, and talking about the garden tour and future events.

Contact Donna with questions at 291-0757, donnacooper@hotmail.com

Bromley residents are welcome and encouraged to attend garden club meetings and events.

MIDDENDORF-BULLOCK FUNERAL HOME

461 Elm Street
Ludlow KY 41016
431-1218

Bill & Nancy Mullins, Owners

“We are blessed to live in a country where we take for granted the freedoms for which many people in this world struggle, fight and die to attain for themselves.

The freedom to worship where and how we choose, The freedom from living in tyranny and fear, and The freedom to realize our individual potential.

Let us remember and honor those who have given so much to ensure the freedoms we enjoy today because the price of freedom is never free.

The Fourth of July

It’s about more than picnics and fireworks.

Thanks for reading the Ludlow Community Connection!

JD’s Deli

602 Oak Street

Tel: 581-1218
Donations to the Ludlow Bromley Swim Club

Here is the list of donor's that generously contributed by supplying the Swim Club with the flowers and gardening supplies this year. We were very fortunate with these contributions.

**Ideal Supply** - Mike Gaiser, Ludlow-Pavers, Sphagnum, Cow Manure Fertilizer, Mulch  
**Lowes** - Chris Jones, Florence, - Flat of Annual Flowers, Soil Moist  
**Bigg’s** - Jennifer Bernstein, Florence, - Wave Petunia’s & Spikes plants  
**Walmart** - Jennifer Thow, Ft Wright - New Flower Pots by Baby Pool & Annual Flowers  
**Home Depot** - Michael Trimble, Florence, - Sphagnum bale, Fertilizer  
**City of Ludlow** - the Large Flower Pots at the pool’s gate entrance.

I also received flowers and plant donations from private donors, which are added to the flower beds in front of the swim club building and flower pots. Their contributions are greatly appreciated too.

The landscaping has really brought life and color to the Swim Club and are really appreciated by all who see it. I would like to mention that I had lots of help from members/friends to help maintain the landscaping last year. Without their help it would not have been successful - especially through that drought. It was greatly appreciated. I hope it makes a good impression on the Champ Meet guests that will be visiting the pool this year. I heard several comments from guests last year that came for the All Star Meet how well our Swim Club looked.

I don’t have the resources to have a banner put on the Swim Club’s fence with the other contributors, but I will make a sign up to place it on the bulletin board in the breezeway of the Swim Club like I did last year. Thank You cards will be going out to the companies shortly.

I would also like to recognize the generosity of the Webkinz July Pet of the Month.

10 Things You Can Do to Help PLANET EARTH

--Recycle* and buy minimally packed good when possible.
--Wash clothes in cold or warm water, not hot.
--Install low-flow shower heads to use less water.
--Run dishwasher only when full and don’t use heat to dry dishes.
--Replace standard light bulbs with compact fluorescent bulbs.
--Plug air leaks in windows and doors to increase energy efficiency.
--Replace old appliances with energy-efficient models.
--Walk, bike, carpool, or ride the bus when possible.
--Adjust your thermostat—lower in winter, higher in summer.
--Share these simple steps with friends and family!

*See recycling enrollment form in this issue.

Volunteers Work to Clean Up Ludlow’s Front Door
On June 14, volunteers from the Ludlow Renaissance Committee and the Ludlow Garden Club spent the morning planting plants, mulching, picking up trash, and painting at the Ludlow entrance sign and the railroad overpass tunnel.

The following people were involved in the effort:
Jesse Boone, Kenny Wynn, Joyce McMullin, John Gaiser, Andy Corn, Donna Cooper-Strother, Cindy Schachere, Mary Ann Benson, Julie and Trevor Navarre, Betty Knipfer, Brandon Dalton, and Jordan, Jonathon, Steve, and Kelly Hammel. Special thanks go to Dinah Devoto of Good Earth Landscaping and Ideal Supply for their donation of trucks and materials.

Every year the Ludlow Renaissance Committee plans similar clean-up days. Watch the Ludlow Community Connection for future opportunities to help clean up our community.

Volunteers for Clean Up Day

Thanks for reading the Ludlow Community Connection!

Nothing sets the mood for a picture perfect wedding like flowers.

Thank You
I would like to thank Ronni and Grace Jones for making this time of grief so much easier. Also, the Ludlow Fire Department for the many trips here to the house in the middle of the night each time showing kindness and compassion. A special thanks to Bluegrass Hospice of Kentucky and Covington Fire Department for support to my son Randy. Finally, to all the hundreds of people who came by to say goodbye to Rowena.

The Askin Family

DONATIONS ARE APPRECIATED
